## PROFESSIONAL SUMMARY

---

Software developer with 1+ year of professional experience designing, coding, and enhancing full-stack web applications using Microsoft ASP.NET Core, .NET Core (C#), and Node.js. Strong foundation in object-oriented programming, the software development lifecycle, and Agile practices, with hands-on experience building scalable, high-performing components backed by SQL databases. Comfortable with web technologies (HTML, CSS, JavaScript), version control, and collaborating with cross-functional teams to deliver quality solutions aligned with business needs. Strong problem-solving skills, attention to detail, and a habit of continuous learning.

## TECHNICAL SKILLS

---

**Languages:** C#, JavaScript, TypeScript, C++

**Backend & Frameworks:** Microsoft ASP.NET Core, .NET Core, Node.js, Express.js, REST APIs, Microservices

**Web & Frontend:** HTML5, CSS3, JavaScript, jQuery, TypeScript, Angular, Next.js, Responsive Web Design

**Databases:** PostgreSQL, MySQL, SQL, MongoDB, Redis

**Tools & DevOps:** Git, GitHub, GitLab, RabbitMQ, Docker

**Cloud & Security:** AWS, Azure, JWT Authentication, RBAC

**Practices:** Agile/Scrum, SDLC, Object-Oriented Programming, Code Reviews

## PROFESSIONAL EXPERIENCE

---

### Techextensor Pvt. Ltd. — Associate Software Developer

Dec 2025 – Present

Ahmedabad, India

- Contributed to the development of Boardroom, a large-scale financial platform for employee equity management.
- Designed, coded, and enhanced full-stack web features using Microsoft ASP.NET Core and .NET Core (C#) on the back end, with Angular, HTML, CSS, and JavaScript on the front end.
- Designed and implemented core financial workflow features for an enterprise employee equity management platform.
- Designed database schemas, wrote and optimized SQL queries, handled migrations, and tuned data models for scalable, high-performing transaction processing.
- Implemented background job scheduling and asynchronous processing for workflow automation.
- Integrated RabbitMQ for reliable event-driven communication across distributed services.
- Collaborated with stakeholders to translate business requirements into scalable technical solutions.
- Contributed across the full SDLC in an Agile environment, taking part in problem-solving discussions, code reviews, and cross-functional collaboration to deliver quality solutions on schedule.

### TurningPoint — Backend Developer

Jul 2025 – Dec 2025

Vadodara, India

- Worked on in-house project Checkdin, a professional networking platform with gamified engagement.
- Designed backend workflows and APIs using Node.js and JavaScript for authentication, referrals, leaderboards, and user-engagement features, collaborating closely with the team to ship to spec.
- Implemented notification services including push, email, and SMS integration.

## PROJECTS

---

### StudyNotion — E-Learning Marketplace

Dec 2023 – Mar 2024

B.Tech Semester 6 Project

- Developed a responsive e-learning marketplace web application with HTML, CSS, JavaScript, and Next.js for course discovery, purchase, and live lecture participation.
- Built instructor and student dashboards for course management, scheduling, and content organization.

- Implemented the full stack with Next.js, Node.js, and MongoDB, integrating Razorpay for payments.

## PromptSDK — AI Orchestration Platform

Dec 2025

### Personal Project

- Developed backend services using Node.js for an enterprise AI orchestration platform enabling AI usage tracking, governance controls, and adoption monitoring.
- Designed a multi-tenant microservices architecture with RBAC, integrating RabbitMQ and Redis for scalable distributed communication and caching.
- Built governance and monitoring workflows to provide enterprise visibility and control over AI adoption.

## EDUCATION

---

### B.Tech, Computer Science and Engineering — CGPA: 8.3

2022 – 2025

Parul Institute of Engineering and Technology, Vadodara

### Diploma, Computer Science and Engineering — CGPA: 9.3

2019 – 2022

Parul Institute of Engineering and Technology, Vadodara

## ACHIEVEMENTS & CERTIFICATIONS

---

- Runner-Up, Digital India Hackathon
- Microsoft Certified: Azure Fundamentals (AZ-900)
- Microsoft Identity and Access Administrator (SC-300 Training)
